

Louisiana Ornithological Society's

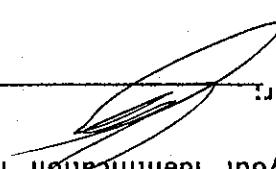

## LOUISIANA BIRD RECORDS COMMITTEE

## Report Form

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review (to assure that all pertinent information is accounted for). Attach additional pages as necessary. Please print or type. Attach xerox of field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed, mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216.

*Black-throated Gray Warbler*

1. English and Scientific names: *Dendroica nigrescens*
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage): *1 adult male*
3. Locality: LOUISIANA; Cameron  
*Rutherford Motel (oaks)*  
(parish)  
(specific locality)
4. Date(s) when observed: *12-27-95*
5. Time(s) of day when observed: *3:30 p.m.*
6. Reporting observer and address: *Roger J. Braedlove  
152 Alice Dr.  
P'ville 71362*
7. Other observers accompanying reporter who also identified the bird(s): *Barbara Braedlove*
8. Other observers who independently identified the bird(s): *Robby Bacon found this bird on 12-26-95 during the Creole CBC*
9. Light conditions (position of bird in relation to shade and to direction and amount of light): *Observed under the canopy of a mature live oak. Sun was at right angle to observe the tail of sight (i.e. the eye level) birds colors clear, visible.*
10. Optical equipment (type, power, condition): *Leica 8x42 ultras-Xceler*
11. Distance to bird(s): *25-30 ft.*
12. Duration of observation: *5-10 minutes*
13. Habitat: *Live Oak grove*

14. Behavior of bird / circumstances of observation (lying, feeding, resting):  
 include and stress habits used in identification; relate events surrounding observation:
15. Description (include only what was actually seen, not what "should" have been seen):  
 include if possibly: total length/relative size compared to other familiar species; body bulk, shape, proportions, bill, eye, and plumage characteristics; Stress features that separate it from similar species:
16. Voice: N/A
17. Similar species (include how they were eliminated by your observation): ~~Sp. G. G. - Black~~
18. Photographs or tape recordings obtained (by whom? attached?):  
 and birds which were most similar to yours, less likely to be confused with others.
19. Previous experience with this species: ~~Experience with birds in the same.~~
20. Identification aids: (list books, illustrations, other birders, etc. used in identification):
- b. after observation: N.G.
- a. at time of observation: N/A
21. This description is written from: notes made during the observation (notes attached?); notes made after the observation (date: \_\_\_\_\_);
22. Are you positive of your identification if not, explain:  memory.
23. Signature of reporter:   
 1-8-96 11:30 a.m. (date) (time)
