

# LOUISIANA BIRD RECORDS COMMITTEE

## REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at <[zoiseaux@lusfiber.net](mailto:zoiseaux@lusfiber.net)> .

1. English and Scientific names: Fork-tailed flycatcher
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage): 1
3. Parish: Calcasieu  
Specific Locality: Fabacher Rd. Sulphur, La
4. Date(s) when observed: 1-12-2019
5. Time(s) of day when observed: 11:00 am

6. Reporting observer and city/state address 1601 Anita St

Reporting observer: Vicki Sensat
----------------------------------

City: Sulphur
---------------

State: La. 70663
------------------

7. Other observers accompanying reporter who also *identified* the bird(s): Tom Finnie
8. Other observers who *independently identified* the bird(s):
9. Light conditions (position of bird in relation to shade and to direction and amount of light): partly cloudy
10. Optical equipment (type, power, condition): camera
11. Distance to bird(s): 40-50 ft
12. Duration of observation: 2 hours
13. Habitat: open fields
14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation): buzzing around looking for food
15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*):
16. Voice:
17. Similar species (include how they were eliminated by your observation):
18. Photographs or tape recordings obtained? (by whom? attached?):
19. Previous experience with this species: no
20. Identification aids: (list books, illustrations, other birders, etc. used in identification):
  - a. at time of observation:
  - b. after observation:
21. This description is written from:

<input type="checkbox"/> notes made during the observation.	Are notes attached?	<input type="checkbox"/>
---	---------------------	--------------------------

<input type="checkbox"/>	notes made after the observation.	At what date?	<input type="text"/>
<input type="checkbox"/>	1	memory	
<input type="checkbox"/>		study of images	

22. Are you positive of your identification? If not, explain: Yes. It was observed in Lake Charles but this was at a new location in Sulphur, La.

23. Date: 1-13-2019

Time: 11-2:00

24. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page?

Yes \_\_\_\_\_

If yes, may we include your name with the report? Yes \_\_\_\_\_
