

LBRC Report Form

1. English and Scientific names: Green-breasted Mango Anthracothorax prevostii
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage):
1
3. Parish:
Terrebonne
4. Specific Locality:
105 St. George Circle, Shriever, LA
5. Date(s) when observed: 12/27/2023
6. Time(s) of day when observed: 3PM
7. Reporting observer: Kathy Rhodes
8. Other observers accompanying reporter who also identified the bird(s):
Diana Bailly
9. Other observers who independently identified the bird(s):
none
10. Light conditions (position of bird in relation to shade and to direction and amount of light): clear and bright
11. Optical equipment (type, power, condition): Nikon Coolpix B600 Camera and Nikon Prostaff 3s 10x42 Binoculars
12. Distance to bird(s): About 30 feet
13. Duration of observation: 10 minutes...bird came in to feeder 2 times with a break in between
14. Habitat: Private well manicured yard but is certified backyard habitat. Native plants with humminbird and seed feeders.
15. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation): Bird lit it tree then flew down to feeder

16. Description (include only what was actually seen, not what "should" have been seen; include if possible: total length/relative size compared to other familiar species, body bulk, shape, proportions, bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species):

Large hummingbird compared to others usually seen here. Green back, white breast with mottled black stripe down middle of breast. Rufous tail with white edging.

Decurved bill.

17. Voice: Did not notice

18. Similar species (include how they were eliminated by your observation):

Buff-bellied Hummingbird is closest I've seen. BBHU had red bill and buff coloring. This one had black bill.

19. Photographs or tape recordings obtained? (by whom? attached?):

Myself

20. Previous experience with this species: Saw bird when it first appeared on 12.5.2023 in same location

21. Identification aids: (list books, illustrations, other birders, etc. used in identification):

Continuing bird previously identified.

22. Identification aids used when?

None used

23. Are you positive of your identification? If not, explain:

Yes

24. Date report completed:

1.1.2024

25. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page?

Yes

26. If yes, may we include your name with the report?

Yes
