

LOUISIANA BIRD RECORDS COMMITTEE

REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at [<zoiseaux@lusfiber.net>](mailto:zoiseaux@lusfiber.net) .

1. English and Scientific names: Gray Kingbird (*Tyrannus dominicensis*)
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage): 1
3. Parish: Jefferson
Specific Locality: 29.210849, -90.052162
4. Date(s) when observed: 5/30/2016
5. Time(s) of day when observed: 10:45
6. Reporting observer and address: Curtis Walker
320 Audubon Drive #105, Thibodaux , LA 70301
7. Other observers accompanying reporter who also *identified* the bird(s):
8. Other observers who *independently identified* the bird(s):
9. Light conditions (position of bird in relation to shade and to direction and amount of light): Open sun
10. Optical equipment (type, power, condition): Nikon Monarch Bino, 8 X 42, Good
11. Distance to bird(s): 15m
12. Duration of observation: 10 minutes

13. Habitat: Powerline overlooking black mangrove along main highway

14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation): Resting

15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*): Kingbird with large bill, grayish dorsally, whitish ventrally, notched tail.

16. Voice: No vocalization

17. Similar species (include how they were eliminated by your observation): Eastern Kingbird eliminated due to gray coloration, bulkier body type, and thick bill

18. Photographs or tape recordings obtained? (by whom? attached?): Photograph (Curtis Walker, Yes)

19. Previous experience with this species: Guides/Literature

20. Identification aids: (list books, illustrations, other birders, etc. used in identification):

a. at time of observation: None

b. after observation: Sibley, Donna L. Dittmann

21. This description is written from:

<input checked="" type="checkbox"/>	notes made during the observation.	Are notes attached?	No
<input type="checkbox"/>	notes made after the observation.	At what date?	
<input checked="" type="checkbox"/>	memory		
<input checked="" type="checkbox"/>	study of images		

22. Are you positive of your identification? If not, explain: Yes

23. Date: 6/20/2016

Time: 10:47

24. May the LBRC have permission to display this report or portions of this report on its website? Yes

If yes, may we include your name with the report? Yes
