

LOUISIANA BIRD RECORDS COMMITTEE

REPORT FORM

This form is intended as a convenience in reporting observations of species on the Louisiana Bird Records Committee (LBRC) Review List. The LBRC recommends the use of this form or a similar format when submitting records for review to assure that all pertinent information is accounted for. Attach additional pages or files as necessary. Please print or type for hard copy. For electronic copy, be sure to save this file to your computer before entering text. Attach field notes, drawings, photographs, or tape recordings, if available. Include all photos for more obscurely marked species. When completed (if hard copy), mail to Secretary, Louisiana Bird Records Committee, c/o Museum of Natural Science, 119 Foster Hall, Louisiana State University, Baton Rouge, LA 70803-3216, or e-mail electronic copy as an attachment to Paul Edward Conover at <zoiseaux@lusfiber.net> .

1. English and Scientific names: Trumpeter Swan
Cygnus buccinator
2. Number of individuals, sexes, ages, general plumage (e.g., 2 in alternate plumage): 1
3. Parish: Franklin
Specific Locality: Davis Park, Winnsboro
4. Date(s) when observed: 2/4/2023
5. Time(s) of day when observed: 11:11 am
6. Reporting observer and address: Kathy Rhodes, 5051 Bridgeport Way, Houma, LA 70360
7. Other observers accompanying reporter who also *identified* the bird(s):
Darlene Eschete
8. Other observers who independently identified the bird(s):
Daniel Edwards, J.D. Flores, Alison Flores, Joseph Aubert. We all went after the LOS Woodcocks Field Trip
9. Light conditions (position of bird in relation to shade and to direction and amount of light): Don't remember and didn't record it in ebird. I remember it being cold but clear.
10. Optical equipment (type, power, condition):
Nikon Coolpix B600 camera, Nikon Prostaff 3S 10x42 binoculars
11. Distance to bird(s): Across Pond, maybe 40-50 yards

12. Duration of observation: 18

13. Habitat: Pond with Levee around it in local park.

14. Behavior of bird / circumstances of observation (flying, feeding, resting; include and stress habits used in identification; relate events surrounding observation):
Sitting and standing near Canada Geese.

15. Description (include only what was actually seen, *not what "should" have been seen*; include if possible: total length/relative size compared to other familiar species; body bulk, shape, proportions; bill, eye, leg, and plumage characteristics. Stress features that separate it from similar species, *or for species that are known to hybridize frequently, stress features that help eliminate possible hybrids*):

16. Voice: did not hear

17. Similar species (include how they were eliminated by your observation):

18. Photographs or tape recordings obtained? (by whom? attached?):
Photos by me

19. Previous experience with this species: None, lifer

20. Identification aids: (list books, illustrations, other birders, etc. used in identification):

a. at time of observation: known bird at this location. Much longer neck than a goose.

b. after observation: looked up photo using Merlin

21. This description is written from:

<input type="checkbox"/>	notes made during the observation.	Are notes attached?	<input type="checkbox"/>
<input type="checkbox"/>	notes made after the observation.	At what date?	<input type="checkbox"/>
<input checked="" type="checkbox"/>	memory		
<input type="checkbox"/>	study of images		

22. Are you positive of your identification? If not, explain:
Yes

23. Date: 2.27.2023
Time: 12:38pm

24. May the LBRC have permission to display in whole or in part this report and accompanying photos on the LOS-LBRC website and LBRC Facebook page?

_____ Yes _____

If yes, may we include your name with the report? _____ Yes _____
